

AML, CFT AND KYC POLICY

Anchorage Capital Fund and Its Schemes

SEBI Registration No.: IN/AIF2/21-22/1003

Four Dimensions Advisors Private Limited
(Investment Manager)

This document has been prepared by the Investment Manager of Anchorage Capital Fund and all the Funds and Schemes that the Investment Manager shall manage. No part of this document may be reproduced or copied without prior written approval of the Investment Manager.

GLOSSARY

Abbreviation	Full Form
AML	Anti-Money Laundering
CFT	Combating the Financing of Terrorism
AIF	Alternative Investment Fund
SEBI	Securities and Exchange Board of India
KYC	Know Your Customer
KRA	KYC Registration Agency
CDD	Client Due Diligence
CKYCR	Central KYC Records
PEP	Politically Exposed Person
FATF	Financial Action Task Force
IIP	Investor Identification Policy
IM	Investment Manager
ML	Money Laundering
TF	Terrorist Financing
PAN	Permanent Account Number
OFAC	Office of Foreign Assets and Control
EU	European Union
NGO	Non-Government Organization
MHA	Ministry of Home Affairs
PMLA	Prevention of Money Laundering Act, 2002
PMLA Rules	Prevention of Money Laundering (Maintenance of Records) Rules, 2005
STR	Suspicious Transaction Report
FIU-IND	Financial Intelligence Unit, India
CERTIFIED TRUE COPY	Document certified as true copy of the original document by an independent third-party notary, lawyer, accountant or other person holding a recognized professional qualification, a member of the judiciary or a senior civil servant. The certifier should sign the copy document and clearly indicate the certifier's name, address and position or capacity on it together with contact details to aid tracing of the certifier.
CERSAI	Central Registry of Securitisation Asset Reconstruction and Security Interest of India
UAPA	Unlawful Activities Prevention Act, 1967
UIDAI	Unique Identification Authority of India
CLIENT	Entities/persons, including Investors that are counterparties to material transactions to which a Fund is a party in the course of its business.

INVESTOR	Person or entity that invests in a Fund, i.e., undertakes capital commitment under a legally binding agreement; and/or person on whose behalf and investment is being conducted. In case a professional intermediary, i.e., a person such as a chartered accountant, lawyer etc. or any similar entity such as an investment manager, is acting on behalf of the Investor under a power of attorney, then such professional intermediary will also be considered an Investor.
BENEFICIAL OWNER	Natural person(s) who ultimately own, control or influence a Client. It also includes those persons who exercise ultimate effective control over a Client. Please refer to Annexure 10.2 for details.
POLITICALLY EXPOSED¹ PERSONS	Individuals who are or who have been entrusted with prominent public functions (for example, Heads of State or of government, senior politicians, senior government, judicial or military officials, senior executives of state owned corporations and important political party officials). The Fund will also consider family members or close associates of PEPs as PEPs.
SUSPICIOUS TRANSACTIONS	A transaction, including an attempted transaction, whether or not made electronically or in cash, which to a person acting in good faith – • gives rise to a reasonable ground of suspicion that it may involve proceeds of an offence specified in Parts A or C of the Schedule to the PMLA² regardless of the value involved; or • appears to be made in circumstances of unusual or unjustified complexities; or • appears to have no economic rationale or bona fide purpose; or • Gives rise to a reasonable ground of suspicion that it may involve financing of the activities relating to terrorism.
PRINCIPAL OFFICER	Please refer to Section 2.2 of this policy document for details.
DESIGNATED DIRECTOR	Please refer to Section 2.3 of this policy document for details.

¹ The definition adopted for PEPs under Indian regulations includes only foreign PEPs. However since global entities have adopted a wider definition including both domestic as well as foreign PEPs, the Fund will adopt the latter, complying with the stricter approach.

1 INTRODUCTION

Topics in this Section:

- Applicability and Purpose
- Background of AML/KYC/CFT Legal and Regulatory Framework in India
- Sanctions for Non-Compliance with PMLA
- AML and CFT Regulations applicable

1.1 Applicability and Purpose

Anchorage Capital Fund (the 'Trust') has been set up as trust originally by way of the indenture of trust dated October 07, 2021 and is registered with the Securities and Exchange Board of India (SEBI) as a Category II Alternative Investment Fund (Category II AIF). The Trust has been registered as a Category II AIF bearing registration number IN/AIF2/21-22/1003 on March 03, 2022. Four Dimensions Advisors Private Limited (the 'Investment Manager') is also under the process of setting up a Category III Alternative Investment Fund.

Anchorage Capital Scheme I, Anchorage Capital Scheme II and Anchorage Capital Scheme III (the 'Funds' or 'Anchorage') are the three schemes launched under the Trust.

Four Dimensions Advisors Private Limited (the 'Investment Manager' or the 'IM'), a private limited company incorporated under the provisions of the Companies Act, 1956 acts as the investment manager of the Funds having its registered office at 209-210 Arcadia Building, 2nd Floor, N.C.P.A Marg, 195, Nariman Point, Mumbai – 400021.

Mr Rohit Kothari is the Sponsor of the Funds.

The objective and purpose of the Fund is to carry on the activity of a Category II AIF and for this purpose to arrange, make, manage and dispose of investments with the view to providing returns to the Contributors in accordance with Applicable Laws and the Trust Documents. The Fund shall endeavour to provide a superior risk-return profile to Investors by investing in a diversified portfolio of fast-growing early-stage companies across various sectors.

As an AIF registered with SEBI, the Fund is categorized as an 'intermediary' under the PMLA. In view of this, the Fund is mandated to adopt an Anti-Money Laundering (AML)/ Know Your Customer (KYC)/ Combating the Financing of Terrorism (CFT) framework and adhere to the key laws and regulations mentioned under Section 1.4 of this document. Under this regulatory framework, the general obligation to establish policies and procedures for prevention of money laundering (ML) and terrorist financing (TF), ensuring their effectiveness and ensuring compliance by the Fund with the regulatory framework is generally on the Investment Manager (IM) of the Fund. The related SEBI regulations cast the responsibility for compliance more specifically on the investment managers of the Fund. Accordingly, the agreements executed by the Fund with its investment manager specifies that the services to be provided to the Fund by the

investment manager include ensuring compliance with legal and regulatory obligations applicable to the Fund.

This policy prescribes the AML/ KYC/ CFT framework adopted by the Fund. The IM is responsible for effective implementation of this policy.

The purpose of this policy is to provide guidance to all employees of the IM on the AML/ KYC/ CFT policies and procedures that should be followed for due diligence of Investors in the Fund and other clients of the Fund and monitoring of transactions undertaken by the Fund, in compliance with regulatory requirements. Effective implementation of the policy will help to protect the Fund from being used, intentionally or unintentionally, for ML and TF activities.

1.2 Background of AML/ KYC/ CFT legal and regulatory framework in India

India became a member of the Financial Action Task Force (FATF) in 2010 and the PMLA provides for provisions which are consistent with FATF 40 Recommendations and Nine Special Recommendations on TF and national AML/ CFT strategies.

The PMLA was enacted in January 2003 as the overarching law for enabling AML/ KYC/ CFT Framework in the country. The PMLA along with the Prevention of Money Laundering (Maintenance of Records) Rules, 2005 (PML Rules) framed thereunder have come into force with effect from 1st July, 2005. Section 3 of PMLA defines the offence of ML as,

“Whosoever directly or indirectly attempts to indulge or knowingly assists or knowingly is a party or is actually involved in any process or activity connected with the proceeds of crime including its concealment, possession, acquisition or use and projecting or claiming it as untainted property shall be guilty of offence of money-laundering.”

The PMLA prescribes certain obligations to be discharged by banking companies, financial institutions and intermediaries in relation to the verification and maintenance of records of the identities of all their clients, and of transactions, and furnishing information to FIU-IND, as required from time to time by FIU-IND.

In addition to PMLA, various regulators have provided operational guidelines to ensure effective enablement and implementation of the PMLA by various regulated entities. Since the Funds are regulated by SEBI, they are also required to adopt the framework contained in the SEBI AML/ CFT Master Circular. SEBI AML/ CFT Master Circular requires all registered entities (which will include AIFs/ VCFs, i.e., Funds) to establish internal procedures that effectively serve to prevent and impede ML and TF. Specifically, the IM is committed to ensuring compliance with the following key aspects for effective enablement of the AML/ KYC/ CFT framework:

- a) Issue a statement of policies and procedures for combating ML and TF, reflecting current regulatory requirements;

³ <https://www.sebi.gov.in/legal/master-circulars/oct-2019/guidelines-on-anti-money-laundering-aml-standards-and-combating-the-financing-of-terrorism-cft-obligations-of-securities-market-intermediaries-under-the-prevention-of-money-laundering-act-2002-a-44657.html>

- b) Ensure that such policies and procedures are clearly understood by staff members;
- c) Regularly review the policies and procedures on the prevention of ML and TF to ensure their effectiveness;
- d) Adopt Investor acceptance policies and procedures factoring in the risk of ML and TF;
- e) Adopt Investor due diligence measures based on factors such as type of Investor, business relationship or transaction;
- f) Have a process in place for identifying, monitoring and reporting suspected ML or TF transactions to the law enforcement authorities;
- g) Ensure maintenance of records as mentioned under this policy document and as prescribed by SEBI from time to time.
- h) Section 1.4 of this policy sets out the list of key laws and regulations to be adhered to by the Funds and which form the regulatory basis for this policy.

1.3 Sanctions for Non-Compliance with PMLA

Non-compliance with PMLA may expose the Funds and IMs (including the Principal Officer and Designated Director) to regulatory action, i.e., punishment under Section 4 of the PMLA which could include rigorous imprisonment for a term not less than (3) three years and up to (7) seven years.

The primary liability for non-compliance with provisions of the PMLA, SEBI regulations and related guidelines will lie with IM. Such liability may also extend to the key officials, such as the Principal Officer, Compliance Officer and Directors, depending on the nature of non-compliance and related aspects.

1.4 AML and CFT Regulations applicable

#	Regulations
1	The Prevention of Money Laundering Act 2002, and Amendments
2	The Prevention of Money Laundering Rules 2005, and Amendments
3	SEBI Circular on Operationalization of Central KYC Records Registry
4	SEBI Master Circular on AML/ CFT – Anti Money Laundering Standards/ Combating Financing of Terrorism / Obligations of Securities Market Intermediaries under the Prevention of Money Laundering Act, 2002 and Rules framed thereunder and respective amendments. (SEBI AML/ CFT Master Circular)

5	Combating Financing of Terrorism (CFT) under Unlawful Activities (Prevention) Act, 1967 – Directions to Stock Exchanges, Depositories and all registered intermediaries (Circular dated Feb 03, 2023)
6	Anti-Money Laundering/ Countering the Financing of Terrorism Obligations of Securities Market Intermediaries under the Prevention of Money-laundering Act, 2002 and Rules framed thereunder (Amendment to SEBI AML/ CFT Master Circular 2014)
7	SEBI Circular for Guidelines on Identification of Beneficial Ownership and related amendments
8	SEBI Alternative Investment Fund Regulations, 2012 (SEBI AIF Regulations)
9	SEBI Circular for Guidelines on disclosures, reporting and clarifications under SEBI AIF Regulations
10	SEBI KRA Regulations, 2011 and Amendments
11	Unlawful Activities Prevention Act, 1967 (UAPA)

2. Internal Controls and Key Appointments

Topics in this Section:

- Internal controls
- Appointment of Principal Officer (Compliance Officer)
- Appointment of a Designated Director

2.1 INTERNAL CONTROLS

In order to ensure effective adoption and implementation of the provisions of this policy, the IM will enable internal controls. Such controls will primarily be in the form of ensuring that the IM appoint competent persons with significant understanding and experience in implementing AML/ KYC/ CFT framework. The key responsibilities of such appointees will be to ensure effective implementation of the provisions of this policy document and related SEBI guidelines at the ground level. For the purpose of this policy the key appointments will include the Designated Director and the Principal Officer.

2.2 APPOINTMENT OF PRINCIPAL OFFICER (COMPLIANCE OFFICER)

2.2.1 Pursuant to Section 14 of SEBI AML/ CFT Master Circular, the IM will designate a sufficiently senior person to discharge the responsibilities of the Principal Officer, for the purposes of implementation of this policy.

2.2.2 Such officer will be designated by IM to facilitate onward reporting of Suspicious Transactions and for playing an active role in the identification and assessment of potentially Suspicious Transactions and will have access to and be able to report to the senior management/ Board. Details of the Principal Officer of each Fund, such as name, designation, and addresses (including e-mail addresses) including any changes therein will be intimated to the Office of the Director, FIU-IND.

2.2.3 Role of Principal Officer

2.2.3.1 The IM will ensure that its Principal Officer has timely access to Investor identification data, other Investor Due Diligence information, transaction records, and other relevant information in order to properly evaluate internal Suspicious Transaction reports. The Principal Officer will be autonomous in his decisions while assessing a potentially Suspicious Transaction.

2.2.3.2 In addition to the aforementioned considerations, the Principal Officer will also perform the following:

- a. Implementation of the AML and CFT policy in daily operations of the Fund.
- b. Communicating any suspicious activity/ Investor background to the Designated Director and to the IM. The notification may be done in the form of a detailed report with specific reference to the Investor, relevant transactions and the nature of supporting documents for suspecting malpractice. However, it will be ensured that there is continuity in dealing with the Investor as normal until told otherwise, by FIU-IND/ SEBI/ any

other regulatory body, as applicable and due care will be taken that the Investor will not be informed of such report/ suspicion.

- c. The STR will be submitted to FIU-IND, within 7 days of confirmation of a suspicion by the Principal Officer. Such report will have to be submitted at <https://fingate.gov.in/>.
- d. Ensuring that the IM have adopted a written AML/ KYC/ CFT policy as required by applicable regulations and that such policy is updated annually to include all relevant regulatory developments.

2.3 APPOINTMENT OF A DESIGNATED DIRECTOR

- 2.3.1 SEBI advises all AIFs to appoint a Designated Director in addition to a Principal Officer to comply with AML/ CFT requirements. This will be a person designated by the IM to ensure overall compliance with the obligations imposed under chapter IV of the PMLA and the PML Rules and will act as an escalation level to the Principal Officer.
- 2.3.2 The details of the Designated Director of each Fund, such as, name, designation and address will be informed to the office of the Director, FIU-IND.

2.3.3 Role of the Designated Director

The Designated Director will be responsible for ensuring that matters related to AML/ KYC/ CFT compliances are adequately discussed at the level of the IM, including informing any Suspicious Transactions reported to FIU-IND / being investigated or where any regulator has contacted the Fund (directly or through the IM) for some clarification/ assistance or non-compliance. In such scenarios where the regulator contacts the Fund for any investigation or related purposes, the Designated Director will act as the main point of contact with FIU-IND. Otherwise for all other operational purposes the Principal Officer will communicate with SEBI/ FIU-IND/ any other relevant regulator.

3. CLIENT DUE DILIGENCE (CDD)

Topics in this Section:

- Background
- Policy for acceptance of Investors
- Client Due Diligence measures for Investors

3.1 BACKGROUND

SEBI AML/ CFT Master Circular requires each registered entity (AIFs/ VCFs, i.e., Funds) to adopt written procedures to implement AML provisions as envisaged under the PMLA. Such procedures shall include the following components which are related to the CDD process:

- a. Policy for acceptance of Investors
- b. Procedure for identifying the Investors

3.2 POLICY FOR ACCEPTANCE OF INVESTORS

The following safeguards will be applied in determining whether to accept an Investor:

- a. At the time of accepting an Investor relationship or on-boarding an Investor, complete information about the Investor and Beneficial Owners will be requested, such as Investor KYC information, business/ profession, jurisdiction, etc.
- b. No Investor will be accepted anonymously or under fictitious/ benami name(s).
- c. No Investor will be accepted if appropriate due diligence measures cannot be applied to such Investor and/ or its respective Beneficial Owner for the lack of verifiable documents on account of non-cooperation of the Investor and/or respective Beneficial Owner or non-reliability of the data/ information furnished.
- d. No Investor will be accepted that appears on the Sanctions lists released by United Nations, OFAC, EU, as a part of the World-Check screening or where a specific instruction/ list by SEBI/FIU-IND/relevant regulator has been provided regarding Investor/ Beneficial Owner.

3.3 CLIENT DUE DILIGENCE MEASURES FOR INVESTORS

IM will apply appropriate CDD measures to each Investor, including identifying and verifying the identities of the Investors and respective Beneficial Owners (if any). The need for IM to know their Investors is essential to the prevention of ML and TF. CDD is a key element of an internal AML/ CFT system.

Pursuant to SEBI AML/ CFT Master Circular, each Fund will comply with the following as a part of the CDD measures:

- a. Obtain sufficient information,⁴ including the information specified in Section 3.3.1 of this policy document, in order to ascertain the identity of the Investor and Beneficial Owners of each Investor (if any) using Investor identification and verification process.
- b. Verify the Investor's identity using reliable, independent source documents, data or information.
- c. Conduct ongoing monitoring and scrutiny of transactions with each Investor throughout the course of the business relationship to ensure that transactions with such Investors are in line with the business activities and source of funds as identified during the CDD process.
- d. Periodically update all KYC and CDD information of the Investors as specified in Section 3.3.3 of this policy document.

CLIENT DUE DILIGENCE MEASURES FOR CRYPTOCURRENCY AND VIRTUAL DIGITAL ASSETS(VDAs)

- a. An entity dealing in VDAs will now be considered a 'reporting entity' under the PMLA. the amendment will require intermediaries in the crypto ecosystem, such as crypto exchange, wallet and other services.
- b. Conducting KYC checks during customer on boarding, retaining customer data for a specified period, monitoring and reporting suspicious transactions and having polices for tracking transactions.
- c. The transactions related to cryptocurrency and VDAs which are covered by the PMLA now include:
 - i. Converting virtual digital assets into fiat currencies and vice versa.
 - ii. Exchanging one or more forms of virtual digital assets
 - iii. Transferring virtual digital assets
 - iv. Securely storing or managing virtual digital assets
 - v. **PROVIDING FINANCIAL SERVICES RELATED TO THE SALE OF VIRTUAL DIGITAL ASSETS BY AN ISSUER**

3.3.1 Procedure for Identifying and verifying the identity of the Investors

⁴ Although the PMLA/ PML Rules/ SEBI AML Master Circular and related guidelines provide for the basic level of documentation/ information to be obtained from the investor for the purpose of on boarding, but the underlying responsibility of assessing if such information is sufficient for a particular investor, lies on the Fund/ IM. This is to be quantified on basis of the risk posed by such investor to the Fund.

- 3.3.1.1 The cornerstone of an effective AML system is the requirement for identifying and verifying the identity of each Investor and its Beneficial Owner (if any). To identify Investors and their respective Beneficial Owners, the IM will accept documents, and request information prescribed under the KYC forms or any other information/ document required based on the nature of the Investor/ transaction.
- 3.3.1.2 The process for identifying Investors is intended to enable the Principal Officer to form a reasonable belief that he/ she knows the true identity of each Investor and respective Beneficial Owner (if any).
- 3.3.1.3 Post identification, the details obtained regarding the Investor will be verified against an independent database such as, UIDAI (Aadhaar) database, or NSDL for PAN. Other than such verification sources, the IM will accept Certified True Copies or Self-Attested copies of KYC documents.

3.3.2 Compliance with Combating the Financing of Terrorism Norms

All Investors, their respective Beneficial Owners, and authorised signatories will be screened against lists of sanctioned individuals and entities as made available under the United Nations' Security Council Resolutions (**UNSCRs**). In addition, OFAC and EU lists would also be referred to if investors are based in the US or the UK.

Additionally, the IM will also ensure compliance with the relevant provisions of the UAPA, as applicable.

3.3.3 Periodic Review of KYC and CDD Records

- 3.3.3.1 All Investor/ Beneficial Owner records with regards to CDD information will be reviewed to ensure any change in Investor/ Beneficial Owner profile is updated in the records. Since all Investors are to be treated as 'high risk', the frequency for conducting a periodic review will be annual.
- 3.3.3.2 While performing this review, screening will be conducted by the Principal Officer as explained in Section 3.3.1 of this policy document, for all Investors and Beneficial Owners. In some cases, the screening could be performed more frequently as per directions provided by the Principal Officer based on the complete due diligence and consequent risk assessment of the Investor.

3.3.4 Third Party for CDD

- 3.3.4.1 SEBI has appointed KYC Registration Agencies (**KRAs**) in India to provide uniformity in KYC records and to ease the burden on the Investor of providing KYC information to different financial services institutions.
- 3.3.4.2 These KRAs are a central repository for KYC records of all Investors. KRAs are responsible for-
 - a. Storing, safeguarding and retrieving KYC documents submitted by various SEBI-registered intermediaries.
 - b. Retaining the original KYC documents of Investors, in both physical and electronic form for the period specified, as well as ensuring that retrieval of KYC information is facilitated within the stipulated time period.
 - c. Disseminating any information updated about an Investor, to all intermediaries that avail the services of the KRA in respect of that Investor.

- 3.3.4.3 The IM may rely upon KYC information available with a KRA for its Investor, however, the ultimate responsibility for completion of KYC information as appropriate for the purpose and the subsequent due diligence for the Investor rests with the IM. Other than KRAs, the IM may appoint third party entities to perform the Investor KYC, however it will be subject to the conditions mentioned under this policy document. The IM will perform Investor acceptance and identification on a risk-based approach and as provided in this policy. Please refer to Section 4 of this policy document for details.

3.3.5 Limited due diligence for Clients

The IM during the course of its business may deal with certain Clients that are not Investors, such as persons from whom a Fund buys or sells securities in the course of making and exiting investments. Due to the nature of such relationship these Clients may expose the Fund to probable ML and TF threats. In light of such probability and in order to ensure that the Fund is aware of the true identity and nature of such Clients, the IM will conduct limited due diligence of such Clients, in accordance with the provisions of this Section of the policy. The extent of such due diligence will depend on key factors such as the nature of relationship with the Fund, identity and business details of the Client (geographical presence, nature of business etc.) and other factors deemed relevant by the Principal Officer.

4. RISK ASSESSMENT

- 4.1 It is customary in an AML/ KYC/ CFT framework to categorize Investors into low-, medium-, and high-risk categories, based on the initial assessment of the risk associated with such Investor. The factors considered in making such a risk assessment typically include, but are not limited to, the following:
- a. The nature and type of Investor;
 - b. The commercial rationale for the relationship;
 - c. The geographical location of the Investor's residence/ business operations;
 - d. The geographical location of the Investor's business interests and/or assets;
 - e. The nature and value of the assets concerned in the relationship;
 - f. The Investor's source of funds, and where necessary, the source of their wealth;
 - g. High-risk jurisdictions or jurisdictions with weak AML regime as per FATF standards; refer to <https://www.fatf-gafi.org/publications/high-risk-and-other-monitored-jurisdictions/documents/increased-monitoring-october-2021.html> for list of jurisdictions with weak AML and CFT regime as made available by FATF.
- 4.2 In light of the abovementioned key parameters and additional factors such as the nature of the Fund's business, the nature of the Investors and Beneficial Owners (i.e., non-residents, high net worth individuals and other types of high-risk clients) and related parameters such as transaction amounts, the Fund will treat all its Investors as high-risk and accordingly perform due diligence and monitoring.
- 4.3 Please refer to Section 5 of this policy for details on on-going monitoring.

5. ON-GOING TRANSACTION MONITORING AND REPORTING

Topics in this Section:

- On-Going transaction monitoring
- Recognizing Suspicious Transaction and activity
- Obligation to report
- Reporting to FIU-IND
- Tipping off

5.1 ON-GOING TRANSACTION MONITORING

5.1.1 Once the identification procedures have been completed and the business relationship has been established with the Investor, the IM will monitor the relationship to ensure that the transactions are consistent with the nature of business.

5.1.2 The IM are required to monitor transactions so that ML or TF may be identified and prevented. This may involve requesting additional Investor due diligence information.

5.1.3 Monitoring of transactions is vital for ensuring effectiveness of the AML procedures and will be conducted in accordance with the following factors:

- a. Special attention will be paid to all complex, unusually large transactions/patterns which appear to have no economic purpose.
- b. Any Suspicious Transaction will be brought to the notice of the Principal Officer and Designated Director. Such intimation will be made in the form of a detailed report having specific references to particular transactions/Investors and related suspicion.
- c. The IM will ensure that in cases of suspicions, the transaction/ relationship will be continued in a normal manner, until any other specific directions are provided.
- d. In case of transactions relating to distribution, beneficiary details will be checked to ensure they are in line with the CDD information provided at the time of on boarding. Also, sanctions screening will be performed for all parties involved. If the investment is initiated by an authorized signatory, their details will be verified to ensure the details of the authorized signatory are in line with the CDD information.
- e. In case of exit, beneficiary details would be verified with the CDD information, and sanctions screening will be performed for all parties involved.

5.1.4 Adherence to the above mentioned may be ensured by enabling checks based on the following illustrative parameters:

- a. Whether the amount is as per the commitment.

- b. Whether the amount is flowing from an unrelated third party's account or the account of an individual/entity which has not been registered with the Fund at the time of on boarding.
 - c. The geographical location from where the amount is flowing – if the same is a high-risk jurisdiction.
 - d. If, between the time of commitment and drawdown, there has been negative news about the Investor in the public domain.
- 5.1.5 Such monitoring will be conducted at the time of occurrence of the transaction based on the above-mentioned parameters.

5.2 RECOGNIZING SUSPICIOUS TRANSACTION AND ACTIVITY

- 5.2.1 The IM will scrutinize unusual patterns of activity within a particular business relationship. An unusual activity may be one which is inconsistent with the normal business activities for the type of product or service that is being delivered. It follows that an important precondition for recognition of a Suspicious Transaction or activity is that the IM should know enough about the business relationship to recognize that the transaction or activity is unusual. This may indicate ML or TF activity where the activity has no apparent economic or visible lawful purpose.
- 5.2.2 Although not all unusual or unexpected activity is necessarily suspicious, employees will be expected to be able to recognize unusual activity as a result of effective CDD checks conducted on an on-going basis. Suspicion need not be based only on transactions or activities within the business relationship, but also on information from other sources, including the media, intermediaries, or the Investor himself. Employees must analyse the transaction/activity in more detail to ascertain whether it is suspicious.

5.3 OBLIGATION TO REPORT

As transactions occur, the IM will scrutinize those as per the process explained above.

5.3.1 It is required that-

- a. all relevant employees of the IM know to whom and in what format their suspicions must be reported
- b. All Suspicious Transactions report are reviewed by the Principal Officer, and where the Principal Officer makes a decision to not report the transaction, the reasons for such a decision will be documented and retained with the IM.

5.3.2 As per the provisions of this Policy the IM will ensure that:

- a. each suspicion is reported to the Principal Officer regardless of the amount involved;
- b. the Principal Officer promptly considers the internal Suspicious Transactions report referred to above and determines whether there is suspicion or reasonable grounds for suspecting that an Investor is engaged in ML or TF;

- c. Any suspicious activity or Investor identified will be reported to the Designated Director, Senior Management and FIU-IND.

5.4 REPORTING TO FIU-IND

- 5.4.1 In accordance with the PMLA and guidelines issued by SEBI, the IM will report any Suspicious Transaction encountered during the course of business/ monitoring. Any transaction will be considered suspicious in accordance with the definition provided by the PMLA. An STR will be submitted to FIU-IND within 7 days of arriving at a conclusion that a transaction is suspicious in nature. The Principal Officer will record reasons for treating transaction (s) as suspicious. Such report will be submitted to FIU-IND at <https://fingate.gov.in/> and will only be made electronically.
- 5.4.2 It is likely that in some cases transactions are abandoned or aborted by Investors on being asked to give some details or to provide documents. It is clarified that all such attempted transactions will also be reported to the Principal Officer and subsequently to the Senior Management, if suspicious.

5.5 TIPPING-OFF

The IM will ensure that in cases of suspicion, the transaction /relationship will be continued in a normal manner, until any other specific directions are received. Also, no intimation of suspicion will be communicated to the Investor. It will be ensured that there is no tipping-off. The IM will not put any restriction on operations where an STR has been filed unless directed otherwise. All internal staff/ employees will be prohibited from ‘tipping-off’ the fact that STR or related information has been reported or provided to FIU-IND. This requirement is not restricted only to where an STR has been filed; it will be observed at all levels.

6. TRAINING OF EMPLOYEES

Topics in this Section:

- Training on AML and CFT
- Employee training
- Screening and hiring of employees

6.1 TRAINING ON AML AND CFT

- 6.1.1 Pursuant to SEBI's AML/ CFT Master Circular, the IM will implement a training plan to keep staff fully aware of the regulatory requirements of AML/ CFT.
- 6.1.2 The IM will identify key positions and ensure that employees holding those positions have relevant experience and are competent to perform the duties of those positions. These employees will be provided training in AML and CFT measures on an ongoing basis. For the purpose of this training, key positions would include staff involved in Investor on boarding, Investor relationship management and the Compliance team.
- 6.1.3 The frequency of training will be determined on a risk-based approach, such that employees within the Compliance team assisting with monitoring transactions would require more frequent training to maintain the quality of review. However, for all staff holding key positions as explained above, a minimum of one training session will be held annually.

6.2 EMPLOYEE TRAINING

- 6.2.1 All employees of the IM will be given training on AML/ KYC/ CFT Framework basis their roles and responsibilities. Additionally, since the Principal Officer, the Designated Director and their respective teams have significant responsibility for the receipt, evaluation, and where appropriate, external reporting of Suspicious Transactions to FIU-IND, these officers will be provided additional training. The additional training will be in-depth and specific with regard to:
- a. the recognition and handling of Suspicious Transactions;
 - b. liaising with law enforcement agencies; and
 - c. the management of the risk of tipping-off
- 6.2.2 These officers will familiarize themselves with the FATF Reports on Money Laundering Typologies that examine trends in ML activity. They will also be aware of those countries designated by FATF as having deficiencies in their AML/CFT systems.

6.3 SCREENING AND HIRING OF EMPLOYEES

The IM will have adequate screening procedures in place to ensure high standards when hiring employees. The IM will ensure that, when hiring employees, appropriate screening measures are applied, which may include:

- a. obtaining references and confirming them when recruiting new employees;
- b. confirming employment history and qualifications;

7. RECORD KEEPING

Topics in this Section:

- General requirements
- Period for Retention of Records

7.1 GENERAL REQUIREMENTS

The IM will ensure compliance with record-keeping requirements as per the SEBI AML/CFT Master Circular and rules thereunder. The IM will maintain such records as are sufficient to permit reconstruction of individual transactions (including the amounts and types of currencies involved, if any) so as to provide, if necessary, evidence for prosecution of criminal behaviour.

7.1.1 Records pertaining to CDD for Investors

Rule 10 of the PML Rules requires records of identities of the Investors to be maintained. The IM will retain copies of all documentation used to verify the identities of all Investors for business. Identity records should be maintained for the duration of each relationship and for the stipulated period thereafter. The records will include the following:

- a. copies of the identification data obtained to verify the identities of all Investors, Beneficial Owners and underlying principals;
- b. copies of any Investor files, account files, business correspondence and information relating to the business relationship;
- c. Information as to where copies of the identification data and other files may be obtained.

7.1.2 Investor transaction records

Pursuant to Rule 3 of the PML Rules, to enable reconstruction, the IM will retain the following information for the accounts of their Investors in order to maintain a satisfactory audit trail:

- a. the Beneficial Owner of the account;
- b. the volume of the funds flowing through the account;
- c. the date on which the transaction was conducted;
- d. the nature of the transactions;
- e. for selected transactions-
 - the origin of the funds;
 - the form in which the funds were offered or withdrawn, e.g. wire transfers/bank transfers etc.;
 - the identity of the person undertaking the transaction;

- the destination of the funds;
- The form of instruction and authority.

7.2 PERIOD FOR RETENTION OF RECORDS

- a. Investor transaction-related records will be maintained for a period of 5 (Five) years from the date of termination of the business relationship with the Investor.
- b. Records of identity of the Investor will be maintained for a period of 5 (Five) years from the date of termination of the Investor-Fund relationship. This will include records on Investor identification and business correspondence.
- c. Transactions involving ongoing investigations or that have been reported as STR will be recorded until confirmation of closure of the case.
- d. Such records may be maintained electronically.

8 KEY REGISTRATIONS

The Funds will obtain the following key registrations to ensure compliance with the prescribed regulatory framework:

8.1 KRA

The Fund will ensure that they register themselves with a registered KRA entity for performing CDD under the provisions of this policy. A list of SEBI-registered KRAs can be accessed at <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=8> This registration will be performed at the time of initiation/ commencement of business of a Fund.

8.2 FIU-IND

As per the SEBI Master Circular No SEBI/HO/MIRSD/MIRSD-SEC-5/P/CIR/2023/022 d Feb 03, 2023 and as per the Order No⁵ 14014/01/2019/CFT dated February 02, 2021 and provisions of PMLA/PML Rules, all Funds will be required to perform the following registrations at the time of commencement of business:

- Reporting Entity - the Fund entity will have to be registered with FIU-IND
- Principal Officer – details of the Principal Officer will have to be registered with FIU-IND at the time of appointment and for every subsequent change

These registrations will be performed at <https://fingate.gov.in/>. Any subsequent changes to the same shall be communicated at the following email addresses: ctrcll@fiuindia.gov.in and helpdesk@fiuindia.gov.in.

8.3 CKYCR

CKYCR is a centralized repository for all KYC documents collected by all regulated entities. In accordance with the SEBI mandate for performing such registration, each Fund will register with CERSAI at the time of commencement of business. The registration will be performed at <http://www.testbed.ckycindia.in/ckyc/index.php>.

⁵ https://www.sebi.gov.in/sebi_data/commndocs/mar-2021/Annexure%201_p.pdf

https://www.sebi.gov.in/legal/circulars/mar-2021/combating-financing-of-terrorism-cft-under-unlawful-activities-prevention-act-1967-directions-to-stock-exchanges-depositories-and-all-registered-intermediaries_49645.html

9. REVIEW OF POLICY

This policy document will be reviewed annually and put up to the senior management for approval. The appendix adopted by each Fund setting out the governance framework of this policy shall be updated from time to time by the Principal Officer to reflect any factual changes.

10. ANNEXURES

10.1 AML/KYC/CFT GOVERNANCE FRAMEWORK

The Fund will adopt this policy and an appendix to the policy specifying a governance framework in line with the following (indicative) governance structure to ensure effective implementation of the provisions of this policy and applicable regulatory guidelines.

At the outset, the IM will ensure enablement of the three lines of defence and clear demarcation of roles and responsibilities amongst the same. The same is described as follows:

1. First line of defence – This will comprise the initial set of executives who identify and perform initial communications with a potential Investor. They will be responsible for collecting the initial set of documents as prescribed by the compliance and operations team/s. After collection of such documents, the complete file including the on boarding form will be sent to the compliance and operations team for further due diligence and sign-off.

2. Second line of defence – This function will be headed by the Principal Officer. Taking the information provided by the first line of defence as the base, this team will conduct various checks and due diligence procedures mandated under this policy document to ascertain the risk profile of the potential Investor. During this process such teams may ask for additional documentation/information from the first line of defence regarding the Investor. After completion of this exercise, the application will either be rejected or accepted. In case of rejections, the same will be duly communicated to the potential Investors by the first line of defence. Otherwise, further checks will be conducted to ensure that adequate approvals and sign-offs have been obtained from the Principal Officer for scenarios where there are deviations from the provisions of this policy. In such cases, the Principal Officer will attach a note to the Investor file regarding

the nature of deviation and related rationale. Subsequently, the Investor will be on boarded and due communication of the same will be made. The Principal Officer will, during the lifecycle of the Fund's business relationship with the Investor, review the results of due diligence conducted on the Investor and provide approvals as required, or initiate escalations in terms of reporting to the Designated Director and/or FIU-IND/SEBI, as required.

3. Third line of defence – This will comprise the internal audit function of each Fund and the Designated Director of each Fund. The internal audit function will be independent of other teams. Its key obligation will be to perform an audit of the end-to-end AML/ KYC/ CFT framework of the Funds, in light of the prescribed regulatory guidelines and this policy document, and subsequently submit a detailed gap assessment report to the Senior Management of the IM and the Designated Director of the Fund. This report will essentially enlist the procedures and functions adopted by the Fund/ IM with respect to the AML/ KYC/ CFT framework, highlight gaps identified (if any) and provide team-wise responsibility in terms of corrective measures and related timeframes. This exercise will be conducted at least on an annual basis. Another key part of the third line of defence will be the Designated Director appointed by the IM. This person will ensure that the observations of the internal audit function are taken into account and changes are effected accordingly. Apart from this the Designated Director will also act as an escalation level to the Principal Officer and oversee the effective enablement of AML/ KYC/ CFT Framework adopted under this policy. He/she will also look into key exceptions and suspicions highlighted by the Principal Officer and communicate with the regulators in situations where the Fund is part of a regulatory investigation.

In addition to the abovementioned framework, the Fund will, in accordance with the provisions of the SEBI AML/ CFT Master Circular, at periodic intervals, appoint external entities to perform an in-depth review of the AML/ KYC/ CFT framework. The observations of such exercises will be put up before the Senior Management of the Fund and this will also be duly acted upon.

10.2 BENEFICIAL OWNER

Identification of Beneficial Owner

Where an Investor is a	Identification parameters
Company	Natural person(s), who, whether acting alone or together, or through one or more juridical person, has a controlling interest or ownership of 10% or who exercises control through other means. Names of the relevant persons holding senior management position Details of the registered office of the company and its principal place of business
Partnership Firm	Natural person(s) who, whether acting alone or together, or through one or more juridical person, has a ownership or entitlement of 15% or more to the capital or profits of the entity Names of the partners Details of the registered office of the firm and its principal place of business
Unincorporated association or body of individuals	Natural person(s) who, whether acting alone or together, or through one or more juridical person, has a ownership or entitlement of 15% or more to the capital or profits of the entity
Trust	Author of the trust, the trustee, the beneficiaries with a specified 10% of interest in the trust and any other natural person exercising ultimate effective control over the trust through a chain of control or ownership. Names of the beneficiaries, trustees, settlor and authors Address of the registered office A list of trustees and certain documents for those discharging role as trustee and authorized to transact on behalf of the Trust

Note:

- If the client is a non-profit organization, reporting entities must also register the client's information on the NITI Aayog's DARPAN portal, if not already registered, and maintain such registration records for a period of five years after the business relationship between a client and the registered intermediary has ended or the account has been closed, whichever is later.
- Where no natural person is identified as the Beneficial Owner for a company, partnership firm or unincorporated association or body of individuals in accordance with the parameters defined above, the relevant natural person who holds the position of senior managing official shall be regarded as a Beneficial Owner.
- Where the Investor (Company/ Individual) executes a power of attorney in favour of an individual or entity (for e.g., investment advisor/ wealth advisor etc.), for execution of the agreement, the check for Beneficial Ownership will be conducted for the following persons:
 - The Investor (and authorised signatory in case of a company); and
 - The individual/ company (and authorised signatory in case of a company) who has been given the power of attorney by the Investor.
- An exemption for the abovementioned situation is, where the Investor or the owner of the controlling interest is a company listed on a stock exchange, or is a majority-owned subsidiary of such a company, in which case, it is not necessary to identify and verify the identity of the Beneficial Owner of such company.

Change in name of Beneficial Owner

The IM may permit change of name of the Beneficial Owner of an existing Investor, in the records of the Fund, under the following circumstances, and on receipt of the documents listed in respect of each such circumstance:

- In case of change in name on account of marriage, a Marriage certificate or copy of Passport showing husband's name or publication of name change in the official gazette.
- In case of change in name on account of reasons other than marriage a publication of name changes in official gazette.
- In case of change in fathers name a publication of name changes in the official gazette.

Such change will be affected in the Fund's/IM's records only where Certified True Copies of the abovementioned documents are provided by the Investor concerned. Such documents will be collected and maintained as records, post verification with the original documents.

10.3 ILLUSTRATIVE LIST OF HIGH-RISK INVESTORS

In light of the discussion under Section 4 of this policy document, an indicative list of Investors which may be treated as 'high-risk' is as follows:

- a. Non-resident Investors;

- b. Non-face-to-face Investors;
- c. High net-worth Investors;
- d. Trust, Charities, NGOs and organizations receiving donations;
- e. Companies having close family shareholdings or Beneficial Ownership;
- f. PEPs;
- g. Investors in high-risk countries where effectiveness of ML controls is weak or countries where corruption (as per Transparency International Corruption Perception Index) is prevalent;
- h. Investors that have negative reputation based on public information;
- i. Companies offering foreign exchange offerings.

10.4 LIST OF KEY TRANSACTIONS

- 1. Drawdown from or distribution to the Investor.
- 2. Distribution of Units or other securities.
- 3. Transfer of units by the Investors (includes Merger, Transposition etc.).
- 4. Change in bank accounts, emails, phone numbers, residential status, KYC, domicile, nationality.

10.5 FORMAT FOR INTERNAL REPORTING OF STR

This is an internal reporting format which will be used by the employees of the IM for the purpose of intimating to the Principal Officer details regarding any unusual Investor activity/ behaviour which they might encounter during the course of business. Upon such detection an employee will be required to intimate the Principal Officer regarding the same, without any undue delay. Such intimation should be as per the following format. Any details, which may seem important, but not included in this format, shall also be noted and provided to the Principal Officer.

The accuracy of such details is of utmost importance, since this report will form the basis of the Principal Officer's investigation into the matter and subsequent reporting to FIU-IND (if any).

Upon confirmation of such suspicion, the Principal Officer will submit an STR to FIU-IND and also, provide details of the same to the Designated Director and Senior Management of the respective Fund.

Sr. No.	Transaction ID	Name of Investor	Transaction details (amount, currency, date etc.)	Nature of suspicion	Details of persons who detected the suspicion	Principal Officer's Comments

For the purpose of this policy and this Section on transaction monitoring, unusual activity will include any transaction other than the ones stipulated under Annexure 10.4 of this policy document and any reluctance on the part of the Investor to provide information/explanation as and when requested.

10.6 EXAMPLES OF SUSPICIOUS ACTIVITY

- a. Investors whose identity verification seems difficult or where the Investor does not cooperate;
- b. Investors in high-risk jurisdictions or Investors introduced by banks or affiliates or other Investors based in high-risk jurisdictions;
- c. Substantial increases in business without apparent cause;
- d. Unusually large cash deposits made by an individual or business;
- e. Investors transferring large sums of money to or from overseas locations with instructions for payment in cash;
- f. Transfer of investment proceeds to apparently unrelated third parties;
- g. Unusual transactions by Investors and businesses undertaken by shell corporations, offshore banks/ financial services, businesses reported to be in the nature of export-import of small items.

10.7 ECONOMIC AND FINANCIAL SANCTIONS LIST FOR SCREENING INVESTORS

1. United Nations' Security Council Resolutions (UNSCRs) https://www.un.org/sc/suborg/en/sanctions/1267/aq_sanctions_list.
2. "Al-Qaida Sanctions List", which is maintained by the 1267 / 1989 Committee. The Updated Al-Qaida Sanctions List is available at https://www.un.org/sc/suborg/en/sanctions/1267/aq_sanctions_list
3. "1988 Sanctions List", which is maintained by the 1988 Committee. The Updated 1988 Sanctions list is available at <https://www.un.org/sc/suborg/en/sanctions/1988/materials>
4. OFAC- <https://www.treasury.gov/resource-center/sanctions/SDN-List/Pages/consolidated.aspx>
5. EU- https://eeas.europa.eu/topics/sanctions-policy/8442/consolidated-list-of-sanctions_en

10.8 LIST OF JURISDICTIONS WITH AML/ CFT DEFICIENCIES

The list of jurisdictions with weak AML/ CFT regime changes frequently based on review performed by FATF and would require ongoing updates as and when regulatory updates are made available by FATF.

[http://www.fatfgafi.org/publications/highriskandnoncooperativejurisdictions/?hf=10&b=o&s=desc\(fatf_releasedate\)](http://www.fatfgafi.org/publications/highriskandnoncooperativejurisdictions/?hf=10&b=o&s=desc(fatf_releasedate))

10.9 COMPLIANCE WITH UAPA

As mentioned under Section 3.3.2 of this policy document, SEBI mandates the IMs to ensure effective and expeditious implementation of the Central Government's order dated August 27, 2009 regarding implementation of Section 51A of the UAPA. This Section provides for actions to be taken for the prevention of, and for dealing with, terrorist activities, and empowers the Central Government to freeze, seize or attach funds and other financial assets or economic resources or related services held in the form of Investor accounts.

In order to ensure compliance with the same the IM will:

- Maintain updated designated lists in electronic form and run a check on the given parameters on a regular basis. This will enable the IM to verify whether such individuals or entities, hold any funds, financial assets or economic resources or related services, in the form of securities with the IM.
- In case the particulars of any Investor match with the particulars of designated individuals/ entities, the Fund/ IM will:
 - Immediately, or within 24 hours from the time of finding out such Investor, inform the Joint Secretary (IS.I), Ministry of Home Affairs (by fax, telephone, post and email).
 - Send by post a copy of the communication as mentioned above through e-mail (sebi_uapa@sebi.gov.in) to the UAPA nodal officer of SEBI, Officer in Special Duty, Integrated Surveillance Department, Securities and Exchange Board of India, SEBI Bhavan, Plot No C4-A, "G" Block, Bandra Kurla Complex, Bandra (E), Mumbai 400051, as well as UAPA nodal officer of the state/ UT where the account is held as the case may be and to FIU-India.
- Where the match of any Investor with the particulars of designated individuals/ entities is beyond doubt, the Fund/ IM will prevent designated persons from conducting financial transactions, and provide intimation to Joint Secretary (IS.I), Ministry of Home Affairs at Fax No. 011-23092569 and also convey over phone on 011-23092736. Such details will also be sent by post and email at jsis@nic.in.
- Submit an STR to FIU-IND for the same.

Process for freezing of financial assets (Post intimation made under the point above)

- On receipt of the particulars, IS-I Division of the Ministry of Home Affairs (MHA) would cause a verification to be conducted by the State Police and /or the Central Agencies so as to ensure that the individuals/ entities identified by the Fund/ IM are the ones listed as designated individuals/ entities and the funds, financial assets or economic resources or related services, reported by the Fund/ IM, are held by the designated individuals/ entities. This verification would be completed within a period not exceeding 5 working days from the date of receipt of such particulars.

- In case, the results of the verification indicate that the properties are owned by or held for the benefit of the designated individuals/ entities, an order to freeze such assets under Section 51A of the UAPA would be issued within 24 hours of such verification and conveyed electronically to the Fund/ IM under intimation to SEBI and FIU-IND.
- The order shall take place without prior notice to the designated individuals/ entities.

Procedure for unfreezing of financial assets (where the Investor may submit a request to the Fund/ IM)

- Any individual or entity, whose funds or assets have been frozen as per the provisions mentioned above, may make an application, in writing, to the Fund/ IM for release of the same. This application shall also contain the evidence regarding incorrect freezing.
- Post receipt of the same the Fund/ IM shall inform and forward a copy of such application along with full details of the asset frozen, as given by the applicant Investor, to the nodal officer of IS-I Division of MHA as per the contact details mentioned above within two (2) working days.
- The Joint Secretary (IS-I), MHA, being the nodal officer for (IS-I) Division of MHA, shall cause such verification, on the basis of the evidence furnished by the applicant Investor and if he is satisfied, he shall pass an order, within fifteen working days, unfreezing the funds/ assets/ economic resources or related services, owned/ held by such applicant under intimation to the Fund/ IM. However, if it is not possible for any reason to pass an order unfreezing the assets within fifteen working days, the nodal officer of IS-I Division shall inform the applicant.
